Subject: Video based Customer Identification Process (VCIP) for NPS

PFRDA in its endeavor to make the subscriber on-boarding , exit, processing of service requests and contribution deposits seamless and subscriber friendly, has been constantly introducing new modes of subscriber KYC and authentication processes such as OTP/ eSign, Offline Aadhaar based KYC, third party reliance for KYC, Paperless on-boarding, e- exit for eNPS Subscribers, e Nomination, D Remit etc.

2. In continuation of such efforts, it has now been decided to permit intermediaries registered with PFRDA to use Video based Customer Identification Process (VCIP) for the purpose of on-boarding, exit or any other service request related to NPS.

3. The envisaged benefits of VCIP are as under -

- i. In the new normal world post COVID, VCIP overcomes the challenges of remote presence, limited mobility, contactless services, social distancing norms etc.
- ii. It eases the process of on-boarding/ exit / other service requests, as the Subscriber verification is carried out without the need of physical presence of Subscribers before Point of Presence (PoPs)/Nodal officers.
- ii. It optimizes the turnaround time of account opening, execution of exit and processing of other service requests.

oh

- iii. It provides the opportunity for expanding the reach of NPS since account opening process is paperless, instantaneous, convenient and cost effective.
 - iv. Several PoPs which have recently been registered with PFRDA are functioning online and do not have any physical presence across locations. VCIP shall enable these PoPs to source Subscribers under NPS with greater ease, service them and carry out exit process with proper due diligence.
 - v. Since OTP/eSign based authentication is a part of VCIP, the process is paperless.
4. While the PoPs registered with other Financial Sector Regulators may comply with VCIP guidelines issued by those regulators, the POPs which are registered solely with PFRDA and wish to adopt VCIP, shall adhere to the process given in the **Annexure**.
5. The PoPs, in association with Central Record Keeping Agencies(CRAs) are advised to build an online platform for developing VCIP in the interest of subscribers at the earliest.
6. The duties and responsibilities of POPs are detailed in Regulation 15 of PFRDA (Point of Presence) Regulations 2018.

Subject: DigiLocker for National Pension System services

1. Government of India has introduced DigiLocker facility where citizens can get authentic documents/ certificates in digital format from original issuers of these certificates. This key initiative enhances effectiveness of service delivery, making these hassle-free and friendly for the citizens.

All Stakeholders under NPS

Subject: Utilization of SEBI KRAs by PoPs for onboarding of subscriber in National Pension System (NPS).

1. The Points of Presence (PoPs) registered under PFRDA (PoP) Regulations, 2018 acts as the interface between the subscriber and the NPS architecture while the PoP performs its functions related to registration, Know Your Customer (KYC) verification, receiving contributions and servicing subscribers' requests.
2. Few PoPs which are also registered with SEBI and having access to KRA have requested PFRDA to permit them to utilize SEBI KRA for onboarding subscribers in NPS as this would eliminate duplication of KYC processes and will facilitate ease of onboarding subscribers in NPS.
3. The Authority after due examination of the requests has now approved that the PoPs having access to SEBI KYC Registration Agencies (KRAs) may utilize the same as an additional method of KYC authentication while onboarding subscribers in NPS. When a PoP adopts this method for completing KYC, the PoP (reporting entity) would be considered to be relying on third party for 'client due diligence' as provided under Sub rule 2 of Rule 9 of PML (Maintenance of Records) Rules, 2005 (as amended for time to time) and shall be bound by the conditions mentioned thereunder. SEBI has provided its no objection to allow PFRDA registered Points of Presence to access the KYC information from the KRA system vide its letter no SEBI/HO/MIRSD/DOP/OW/P/21350/2019 dated 20th August 2019.
4. It may be noted that PoP will be ultimately responsible for the 'client due diligence' and undertaking enhanced due diligence measures, as applicable under the PML Rules and the PFRDA (PoP) Regulations 2018 while onboarding subscriber in NPS.
